Jln. Tilam Upih No 48, Kel. Josenan, Kec. Taman, Kota Madiun

I am an enthusiastic and dedicated Informatics Engineering student at Universitas Negeri Surabaya, with a strong interest in software development, networking, and event management. Passionate about learning new technologies and collaborating on impactful projects.

Education

Universitas Negeri Surabaya - Surabaya, Indonesia Aug 2023 - Aug 2027 (Expected)

Bachelor of Informatics Engineering, 3.75/4.00

- Active as Chairman of Informatics Engineering Student Association (HMPTI UNESA) - 900+ student members
- Initiated 5+ collaborative programs and competency development including NesaVent event with 150+ participants and 8 technology training sessions focusing on AI, software development, and networking
- Maintained GPA of 3.78 demonstrating consistent academic excellence while leading major organizational responsibilities
- Involved in 3 major technology projects: event management website with 500+ active users, network simulation for 2 partner institutions, and AI-based application development
- Represented the department in 4+ expo activities and inter-organizational forums, contributing to program visibility across Southeast Asia region
- Coursework includes: Discrete Mathematics, Data Structures & Algorithms, Database Systems, Computer Networks, Software Engineering, Artificial Intelligence

Work Experiences

Perum Perhutani KPH Tuban - Tuban, Indonesia Dec 2021 - May 2022

IT Support Intern

Perum Perhutani is a state-owned enterprise managing state forests in Java and Madura. KPH Tuban is a local work unit focused on forest conservation, utilization, and protection in the Tuban region.

- Assisted installation and maintenance of 25+ office IT hardware and software, improving operational efficiency by 20-30%
- Handled internet network and printer troubleshooting for 3 divisions with 95% resolution rate
- Assisted in documenting 200+ IT assets and weekly internal data backup for 5 departments
- Coordinated with 4-person IT team for routine computerized system maintenance, reducing downtime by 15-20%

Organizational Experience

Informatics Engineering Student Association UNESA (HMPTI UNESA) - Surabaya, Indonesia Jan 2025 - Present

Chairman

HMPTI UNESA is the official student organization serving Informatics Engineering students at UNESA's Faculty of Engineering. The organization focuses on professional capacity development through seminars, competitions, training, and departmental advocacy, aligning with the program's vision of excellence in AI, software engineering, and computer networks with entrepreneurship focus in Southeast Asia by 2029.

- Led and directed 9 departemens/divisions in all HMPTI UNESA programs for 900+ active students
- Initiated activities including technology events with 200+ participants, 6 specialized IT training sessions, 8+ external collaborations, and student resource development
- Represented the department in 5+ student forums at faculty and university levels, including technical conferences and innovation showcases, increasing department visibility by 40-50%
- Successfully coordinated with 8+ external organizations and 3+ industry partners for knowledge sharing and internship opportunities

Student Executive Board Faculty of Engineering UNESA - Surabaya, Indonesia Jan 2024 - Dec 2024

Foreign Affairs Department Staff

BEM FT UNESA is a faculty-level student executive organization serving as facilitator and implementer of student activities, both internal and external.

- Event Coordinator for Study Visit to BEM UMM: managed 3-day agenda for 90 participants, achieving 4.5/5 satisfaction rating
- Event Staff for PKKMB 2024 FT UNESA: arranged rundown and coordinated 5+ speakers for 5000+ new students
- Sponsorship Coordinator for EFASCO 2024: successfully secured 8 sponsors with total contribution of IDR 15-20 million
- Public Relations Staff for LKMM-TM 2024: managed event publicity for 50+ participants and documented communication with 20+ external institutions
- Coordinated BEM FT participation in 6+ collaborative activities across institutions, expanding network to 30+ student organizations

Humanitarian Care Student Activity Unit UNESA - Surabaya, Indonesia Oct 2023 - Oct 2024

Public Relations and Information Division Member

Humanitarian Care Student Activity Unit is a student activity unit at UNESA focusing on social and humanitarian activities.

- Managed publicity and documentation of 12+ social activities with 25-30% engagement rate on social media
- Created 3-4 weekly content pieces and designed activity information for 5 social media channels with 2000+ followers
- Contributed to 8 child education activities, 5 social assistance programs, and fundraising of IDR 10-12 million
- Compiled monthly activity reports and supported public information transparency for 500+ stakeholders

Skills, Awards, and Competitions

- **Skills:** Leadership & Team Management (5-15 people), Event Management (150+ participants), Sponsorship Acquisition, Public Communication, Technical Problem Solving, Time Management, Programming (Python, Java, JavaScript), Database Management, Network Configuration, Project Management
- **Technical Skills:** Software Development, Database Design (MySQL, MongoDB), Network Simulation & Configuration, Web Development (HTML, CSS, JavaScript, React), System Administration, Data Analysis
- **Student Entrepreneurship Program (PMW)** (2025): Faculty-level Funding Recipient (IDR 15+ million for tech startup development)
- **LKKM-TD UNESA** (2024): Best Participant and Best Group Achievement
- **Computer and Network Engineering Professional Certification** (2023): LAN Engineering & WAN Engineering clusters (17 technical competency units including network design, security, TCP/IP configuration, and router management)
- **East Java Provincial Student Competency Competition** (2023): IT Network System Administration (NSA) category participant
